Sub - Establishment - Public Health Sanitary workers increase in Basic pay by Rs 2/- each sanction sought for

===

I write to submit that the Sanitary workers of this Municipality in the Public Health Department have made a representation in the increase of Basic pay by Rs 2/- per head per month

In this connection I wish to state that these workers are working since age long on fixed pay only without any scales of Pay, where-as at Davanagere, Bangalore & Mysore they are stated in the scale of 18-½-22 and on 16-½-20 in Chitaldrug Municipality The comparative statement of the scales of pay drawn by these labourers will speak for itself The report of the Municipal Health Officer under whom these are working has strongly advocated their cause considering the previous representations of these workers and suggested for the adoption of scales of pay (copy enclosed) But, due to slender resources of this Municipality and due to Government declining to accord sanction for levy of 3% Sanitary cess, it is found difficult to weigh the recommendations of the Municipal Health Officer The Council in its resolution No 17 dated 17-2-56 has resolved to request Government to accord sanction for the increase in the Basic wages of each conservancy menials by Rs 2/- only per month as per their request

P t o

The anticipated additional expenditure which nts to Rs 8200/- on this account consequent on increasing of Basic pay by Rs 2/- will be met from the proposed levy of Octroi

Yours faithfully,

Sanitary workers of this Municipality struck work for one week in June 1952 for increase of pay and the strike was faced with an iron hand after considering their claims. As the strike was unconditionally called for the council increased the basic pay of Rs 2/- per month and Rs.2/- in lieu of dress in pursuance of its resolution dated 26-5-52 with effect from 1-4-52 as per sanction of Government G.O 2491 Health dated 4-11-52. They were also advised, not to resort to such illegal methods in future. Vide C R 51/ dated 16-6-52 page 120 of the minute book (Copy attached).

Menials again on 13-7-52 issued a token strike for one day It was also suitably tackled and the notice was placed before the council. As it was unconditionally with-drawn by the Secretary the council resolved to increase the basic pay by Rs 4/- and to consider the provision of dress later on in Vide councils' resolution No 93 4 dated 31-7-52 - page 148 of the minute book Government were addressed from the main office C1-4093/52 communicating CR No 93 dated 31-7-52 to accord sanction for increased Basic pay of the workers by Rs 4/- But this was negatived by the Government in their order No 41427/52-2 Health dated 20-10-52 communicated by the main office C1 -4093/52 dated 3-11-52 and was ordered to confirm to the previous order (G O 2491 Health dated 4-10-52) for increase of Basic pay of Rs 2/- and Rs 2/- in lieu of dress per month). This was continued ever since

As one of the Harijan Councillor was persistently insisting on supplying of uniform, the same was supplied on Bangalore corporation scale during Dasara Festival departmentally and the allowance of Rs 2/- drawn was with-held There on the workers refused to receive their wages till the uniform allowance of Rs.2/- that was hither to drawn was paid Some of the leading workers were called for and inspite of the good advise of the Special Officer, Commissio they refused to receive their wages till uniform allowance deducted is drawn and paid On assurance that their request for raise in basi pay by Rs 2/- in addition to dress now given, would be put before the Government for reconsideration of their previous orders, the representatives of the workers agreed to workers receiving their pay on condition that "status quo" in their present emoluments was maintained and cost of dress this year supplied to be recovered from the workers in monthly instalments, to be started from December 1955. Accordingly cut made in pay from October '55 was restored and pay for October and November '55 paid to the workers was paid cost of the dress supplied will be recovered from December pay to be paid in January 1956 in monthly instalments of Rs 2/-

Now, regarding their claim for raise by Rs 2/- in their basic pay, it is seen from the comparative statements of wages paid to workers in Bangalore, Mysore and Davanageri Municipalities, the minimum pay of the sanitary workers in the three cities (Davanageri, Bangalore and Mysore) for the Mysore state is Rs 18/- (with time scale of pay of 18-1-22), but the workers in this Municipality are working on Fixed pay only It is further seen that at present the fixed pay is not the same for all the workers in one category for example, among 56 Sweepers, only 14 get Rs 14-8-0, the rest only 12/- Among private latrine Thotties there are two grades of 15/12/0/- and 12/-, similarly among public latrine thotties and trenching ground coolies there are different grades of fixed pays This has given raise to great dissatisfaction among the workers as different workers engaged for the same work, for the same working period get different wages. Further the maximum emolument got by any worker in our Municipality at present, is far less than that got by the lowest paid category of workers in Davanageri City, not to mention almost the other two Cities To clarify this a worker in Davanageri on an average a sweeper gets Rs 40/-, where as here the highest paid sweeper here gets only 37-8-0/- right through his service

This is glaring difference Hence there is every nee
consider the scales of pay and allowances, now being pa[illegible] re the
Menial Staff of this Section Further, in the Mysore Muni[illegible]pal
manual which applies to City Municipalities also, there is pro-
vision for supply of uniform to the workers by Municipality
Also, the previous council he[illegible], while accepting the terms of
regarding working hours [illegible]ive, and uniform being given workers
in Bangalore Municipality, as re[illegible]ferred by Dy.C.I Self Government
Commissioner, Bangalore, have committed to supply uniform also
[illegible] In view of all this, there is a good case to put before the
Government for reconsidering the scales of pay and allowances of
the workers in this Municipality I would suggest the following
for approval by the council

1) Fixing up of graded scales of pay to various category of worke
2) Abolishing showing the different rates of pay existing now in the same class of workers and applying a uniform scale for all [illegible]tion the same number of workers in no particular categorys
3) Paying additional allowances, to class of workers, Lorry Loade[illegible] and Trenching ground coolies, as their work entails hard labour and more risk to their health by [illegible]

On these lines, the scales of pay suggested would be as follows

CLASS OF WORKERS	NO.	PAY	ALLOWANCES HA	DA	Dress
Sweepers	[illegible]	15-½-22		18	2
Scavengers	184	18-½-22			
Drainers	52	18-½-22			
Lorry Loaders	[illegible]	18-½-22			2 + 2 Ha
Trenching Ground Coolies	[illegible]	18-½-22			2 + 2 "
Trenching Ground Coolies	[illegible]	20-½-24			2 + 2 "
Trenching Ground	[illegible]	18-½-22			
Watch Man	[illegible]	18-½-22			

By adopting these scales, the difference in financial commitment to the Municipality would be as follows

EXISTING EXPENDITURE	WOULD BE EXPENDITURE	DIFFERENCE
AS PER PROPOSALS		
Rs 1,54,216/-	Rs.1,70,868/-	Rs.16,652/-

Lastly, the workers, under a reference from Factory Inspector, Shimogga, are deemed to come under the purview of the minimum wage act, when, no worker could be employed, under a minimum salary of Rs 45/- Considering all these aspects, and the essential nature work done by these categories of workers, it is but essential that the council approves the above proposals, making necessary provisi in the Budget, after consulting the accounts branch, and recommend to the Government, strongly, to accord sanction to the above pro-proposals.
